➤ Summer reminders for NEST 529 Advisor account owners.

A MESSAGE FROM THE NEBRASKA STATE TREASURER

This August, students throughout the state are preparing to head to college. For many, it'll be for the first time. Before the new school year begins, it's a good idea to review the fund withdrawal process for your NEST 529 Advisor account. When the time comes to put your well-saved dollars to use, you'll be ready.

Request a Withdrawal: The process to request funds is simple. You can either request a withdrawal through your online account or complete and submit the “Withdrawal Request Form” at NEST529Advisor.com/forms.

Decide Where to Send Your Funds: While completing your withdrawal request, you can choose to have your NEST 529 Advisor funds paid directly to you, your beneficiary, the educational institution, or the account owner's bank account on file.

Plan for Mail Time: It's important to account for the time it will take to process your withdrawal. If your withdrawal involves sending a physical check to the school, plan for an additional 7-10 days for your payment to be mailed and processed.
